William Scanlan  
Acting Town Planner  
Dudley, MA 01571

Dear Mr. Scanlan:

I am writing in response to your request for review of plans and potential drainage issues related to the Nichols College Townhomes Project. I have reviewed the plans and specs., as well as the narrative submitted by Jeff Walsh. I believe they have been designed to create no increase to the velocity of run-off being discharged from the site, when adjustments suggested in Jeff Walsh's review are made.

Sincerely,

Jeffrey Murray  
Highway Superintendent
